Subject: **LIVING WAGE PROGRAM ANNUAL REPORT**

Attached is the *Living Wage Program Annual Report* for the period of October 1, 2010, through December 31, 2011. The Living Wage Program (LWP) has been in effect for over thirteen years and currently impacts 17 departments and 231 contracts. Effective July 1, 2011, your Board transferred LWP oversight responsibility to ISD from the former Office of Affirmative Action Compliance.

Please note that this report transitions the reporting period to a calendar year basis, so it covers a 15-month period. This report is available for viewing online at http://purchasingcontracts.co.la.ca.us/living_wage.htm.

ISD did not find any material monitoring discrepancies during the reporting period. Minor deficiencies were identified and referred to the appropriate departments for corrective action. ISD will continue to provide training and technical assistance to departments to enhance and ensure compliance under this program.

The *Living Wage Program Annual Report* is a team effort on the part of the ISD, County departments, and the Living Wage Implementation Team (Team), consisting of the Chief Executive Office, Auditor-Controller, County Counsel, the Department of Public Works and ISD. ISD thanks all participants for their commitment in preparing this report and supporting the LWP.

I am available to answer any questions, or your staff may contact Yolanda Young, ISD Contracting Division Manager, at (323) 267-3101.

LIVING WAGE PROGRAM

ANNUAL REPORT

October 1, 2010 – December 31, 2011

I. Introduction

The Board of Supervisors adopted the County's Living Wage Program (LWP) on June 15, 1999. Effective July 1, 2011, the Board reassigned functions formerly performed by the Office of Affirmative Action Compliance (OAAC) to other departments. OAAC's Contracts Compliance Programs Section, responsible for monitoring compliance with the LWP, was transferred to ISD.

ISD's LWP responsibilities include:

- Providing annual reports on department and contractor compliance with the LWP.
- Providing guidance and information to departments concerning their LWP responsibilities.
- Assisting departments and providing centralized monitoring of LWP contracts and requirements. Departments are responsible for conducting day-to-day monitoring efforts.

The LWP applies to Proposition A contracts and cafeteria services contracts beginning on or after October 22, 1999. The Board approved an increase to the living wage rates for contracts awarded after June 15, 2007, which applies to existing contracts that are amended or extended for option periods.

This *LWP Annual Report* covers a 15 month reporting period from October 1, 2010 through December 31, 2011 due to a transition to calendar year reporting. Subsequent reports will encompass each 12-month calendar year period.

This report involves 17 departments and 231 contracts. The report summarizes department and contractor compliance and data on salary and healthcare benefits, including the following exhibits:

- Determination of Wage and Benefit Rates (*Exhibit A*) provides the methodology utilized to determine the projected hourly wage portion of the County's Living Wage.
- Department LWP Contract Summary (*Exhibit B*) provides the department abbreviations used in our exhibits and a summary of the number of contracts per department.

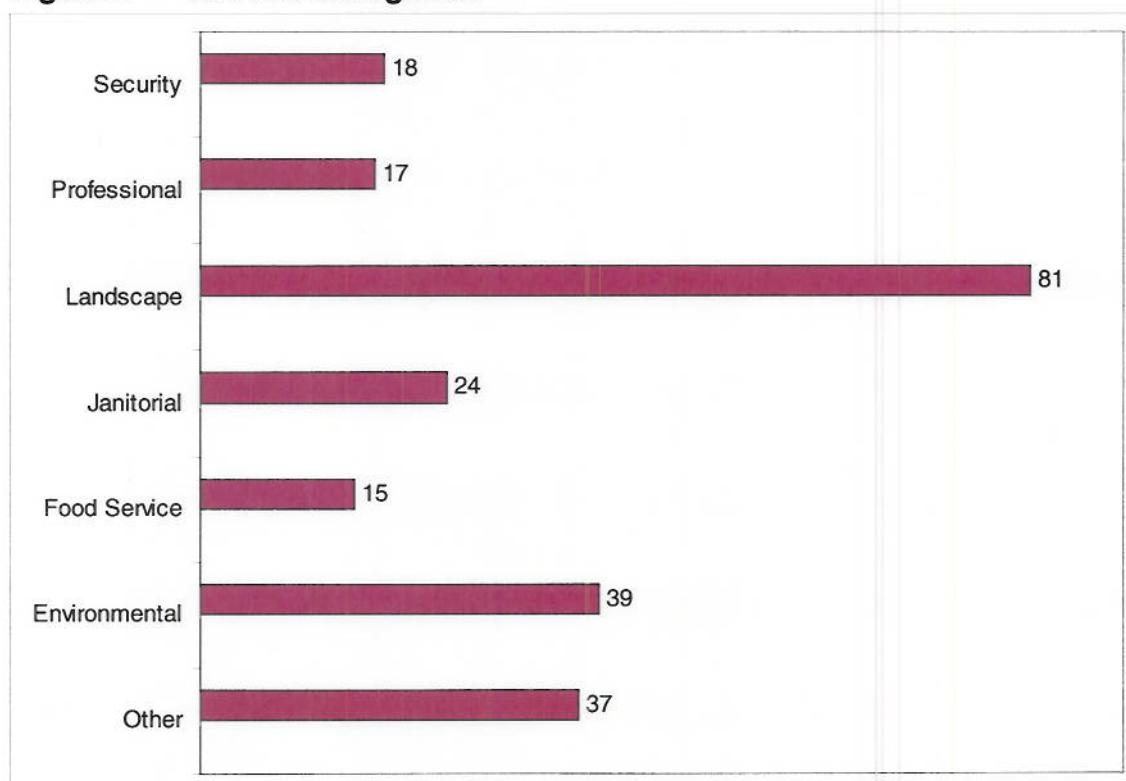

- Active Living Wage Projects by Departments (*Exhibit C*) identifies active LWP contracts awarded or amended by the Board from October 22, 1999 through December 13, 2011. The contracts highlighted were awarded during this report period.
- Sub-Contractor Report (*Exhibit D*), provides a list of current sub-contractors servicing Living Wage contracts.
- Exemption Report (*Exhibit E*), provides a list of current contractors and sub-contractors with Living Wage exemptions.

II. Living Wage Program Accomplishments

ISD continues to ensure that departments and contractors understand their roles and responsibilities under the LWP, and provides guidance on policy changes to ensure compliance with the LWP. During this period, ISD completed the following:

- Participated as a member of the Living Wage Implementation Team to resolve issues impacting departmental compliance and develop revisions to the standardized monitoring questionnaire.
- Provided technical assistance to departmental staff to improve their understanding and monitoring activities.
- Provided departmental training to County employees regarding LWP solicitation and monitoring procedures.
- Assisted departments to ensure that contract solicitations comply with LWP requirements.
- Participated in Solicitation Conferences and Pre-Job Conferences to provide information and ensure understanding of the LWP.
- Monitored 231 Proposition A and cafeteria services contracts consisting of various services (see **Figure 1**). Monitoring activities include reviewing departmental living wage contracts, conducting employee interviews, answering and responding to public hotline inquiries/complaints, and reporting instances of non-compliance issues to respective departments for corrective action and follow-up.
- Performed departmental compliance reviews and conducted employee interviews; reviewed contracts and answered hotline calls.

Figure 1 Service Categories¹

III. Monitoring and Investigations

a) Departmental Monitoring and Investigations

ISD reviewed 36 contracts (representing 17 departments) subject to the Living Wage Ordinance (LWO) in order to evaluate contractor and department completeness, accuracy, timeliness of monitoring responsibilities under the LWP, and departmental maintenance of documentation as required by the LWP. The compliance reviews revealed general compliance by contractors and by departments in monitoring their LWP contracts.

Overall, compliance reviews indicate that most departments have adhered to Board instructions by using the standardized monitoring forms, conducting annual on-site administrative reviews with contractors, following guidelines and generally complying with the LWO requirements and relevant State and federal labor laws. Departments continue to require assistance from ISD to maintain and update their LWP monitoring skills.

¹ Other includes Parking Management, Language Services, Transportation, and Fleet Mgmt.

ISD investigated three alleged LWO violations during this reporting period. One case was substantiated with corrective action taken to bring the contract in compliance with the LWO. One case was unsubstantiated and a third case is ongoing. ISD continues to work with departments to improve their monitoring efforts and correct deficiencies where identified.

b) Employee Interviews

Using a standardized questionnaire, ISD conducted employee interviews, and ensured that departments conducted employee interviews, within the guidelines established for the LWP. Employees are asked to verify contractor compliance with LWP requirements to ascertain whether the employees received the LWP's Notice to Employees. ISD confirms, when applicable, that the LWO poster is displayed in a conspicuous area. ISD also verifies that employees are working full-time and paid in accordance with the applicable LWO rates.

In addition, ISD verifies that employee wages and health care benefits, if any, are accurately reflected in the contractors' payroll reports and if applicable, that employees are receiving health care benefits. For further details on healthcare benefits, see Section VII(c) of this report.

ISD found no significant discrepancies between employee statements and contractors' reported wages and health benefits. Where these reviews identified isolated instances of possible contractor violations (e.g., labor law, contract performance terms, etc.), ISD notified respective departments of findings and followed up to ensure the issue(s) were addressed and resolved. LWP guidelines require departments to interview 10% of the contract employees or, if the contractor employs 10 employees or fewer, the department must interview all employees. ISD found departments compliant with conducting the required number of interviews annually.

c) Employers Offering Healthcare Benefits

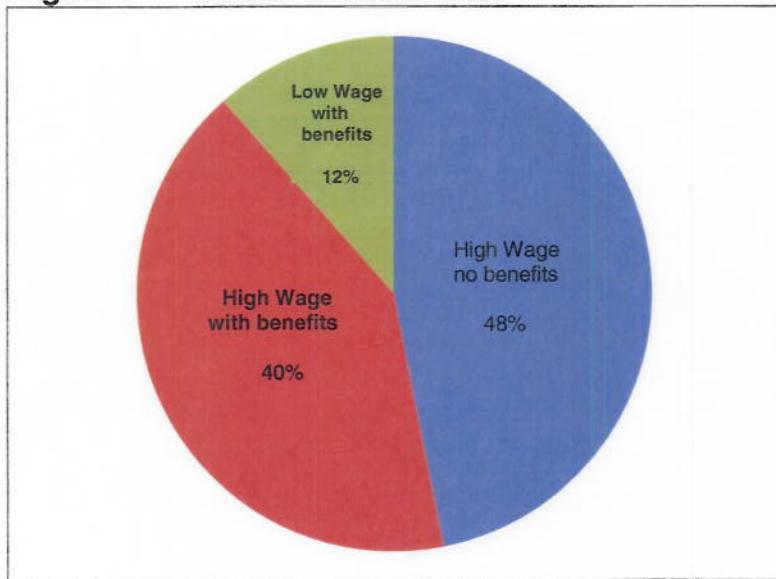

Under the LWP, all employers must pay their employees either: (1) a living wage of \$11.84 per hour without healthcare benefits, or (2) \$9.64 per hour plus not less than \$2.20 per hour per employee toward healthcare benefits. These pay rates (effective June 15, 2007) apply to all Living Wage contract renewals, option years and amendments involving scope of work, term or compensation.

Based on data gathered from County departments, 52% of contracts (121 of 231) offered some type of healthcare benefits to employees during this rating period. See **Figure 2** below.

For the period October 1, 2010 through December 31, 2011, employers offering health benefits are as follows:

- 110 contracts (48%) pay the living wage of at least \$11.84 per hour and do not offer any form of health benefits.
- 92 contracts (40%) pay \$11.84 per hour and also provide some form of health benefits (less than \$2.20 per hour).²
- 29 contracts (12%) pay \$9.64 per hour and contribute at least \$2.20 per hour toward health benefits.

Figure 2 Health Benefits Data

IV. Technical Assistance and Training Activities

ISD continues to provide technical assistance and training to County departmental contract staff regarding their responsibilities to enforce LWP requirements for all Proposition A and cafeteria services contracts. ISD provides direction to County departments for clarifying and resolving LWP labor/payroll issues. ISD also provides technical assistance to departments during their solicitation process by reviewing contract information (e.g., solicitation documents, staffing plans, forms, exemption requests, and evaluation criteria) to ensure that departments meet all LWP criteria. There were 137 documented instances of technical assistance provided to departments.

² Includes one contract under the original living wage rate plus 16 exempt contracts.

ISD continues to train County contract staff and provide guidance for administering and monitoring LWP contracts. Actual assessment reviews and findings with case studies are used as training tools. ISD also provides individual training sessions to departments upon request.

V. Standardized Monitoring Process Update

In 2005, in response to the instructions from the Board to improve the County's process for monitoring contracts for LWO compliance, the Living Wage Implementation Team implemented LWP enhancements in the following areas:

- Standardizing the LWP monitoring forms and procedures.
- Strengthening the contract language and solicitation requirements.
- Training County contract monitors and managers.
- Strengthening departmental on-site contract employee interviews.
- Enhancing departmental administrative compliance reviews.
- Reviewing industry standards for employees working less than the full-time equivalent of 40 hours.

During this reporting period, departments continued to use the revised forms and adhere to the guidelines. The Monthly Compliance Report Checklist is utilized to assist in verifying that all the requirements of the LWP have been met (i.e. monthly payroll reports are accurate and have been submitted on time to the department). The Payroll Reporting Discrepancy Report is utilized to identify any discrepancies found on the contractor's payroll submittals. The On-Site Administrative Compliance Reviews are conducted and the Request for Corrective Action form is utilized for follow-up when indicated. The Employee Interview Questionnaire is utilized when conducting the annual on-site employee interviews (or more frequently, when indicated). For more information on the Interview Questionnaire, see Section VII(c) of this report.

The standardized forms have significantly improved Countywide monitoring of the LWP by providing consistency in monitoring processes, tools and training of County monitoring staff. ISD is currently updating the LWP manual and forms to incorporate name changes from the former OAAC and other pertinent changes.

VI. Evaluation of Labor Law/Payroll Violations³

On June 19, 2001, your Board established a County Labor Law/Payroll Violations Assessment Team (Assessment Team) to review and assess the severity and extent of labor violations committed by firms submitting proposals to provide services under Proposition A and cafeteria services contracts. The Assessment Team consists of a representative from ISD, Public Works, and the Chief Executive Office with County Counsel serving as the legal advisor.

³ Source: Internal Services Department and the Department of Public Works

Based on the severity, number, and completeness of disclosure, the Assessment Team recommended reduced evaluation scores that could impact which proposer receives the contract award.

For the reporting period of October 1, 2010 through December 31, 2010 the Assessment Team, chaired by ISD, evaluated four proposers with reported claims for and/or labor law violations. All four of these proposers were classified as having no violations and received a recommended deduction of 0%.

For the reporting period of January 1, 2011 through November 30, 2011⁴ the Assessment Team, chaired by Public Works, evaluated 23 proposers with reported claims for and/or labor law violations. Many of the 23 proposers responded to multiple separate contract solicitations. The following summarizes the Team's recommendations:

- Eighteen of the 23 proposers were classified as having no violations and received a recommended deduction of 0%.
- Three of the 23 proposers were classified as having insignificant violations, some of which had not been fully disclosed, and received a recommended deduction of 1%.
- Two of the 23 proposers were classified as having minor violations, some of which had not been fully disclosed, and received a recommended deduction of 4%.

VII. Living Wage Program Objectives Update

On March 30, 2007, your Board instructed the Chief Executive Office (CEO), to work with other appropriate departments, to develop and implement an automated solution to accurately track and project impacts associated with LWO contracts. In conjunction with your instructions, CEO agreed that the LWP Annual Report would be enhanced to include the following:

- The total number and costs of LWO contracts.
- Updated information regarding annual living wage rate increases.
- Utilization and effectiveness of paid employee healthcare benefits.

The following subsections highlight implementation of the directives above and provide updates since our last report.

⁴ Department of Public Works confirms that there are currently no open requests for evaluations as of December 12, 2011.

a) Automated Tracking of Contract Costs

The costs of LWP contracts were determined by utilizing the prescribed methodology outlined in the CEO's memorandum to the Board of Supervisors dated March 30, 2007. The current methodology utilizes information obtained from the ISD database of active LWP contracts which the Auditor-Controller reconciled with eCAPS to validate contract costs. The results are presented in **Table 1**.

Table 1

Total Number of LW Contracts	231
Total Cost of LW Contracts FY 2010-11	\$ 182,358,136 ⁵

For an itemized list of costs per contract, see **Exhibit B**.

b) Review of Living Wage Rates⁶

The Auditor-Controller performed its annual review of the current living wage rates using the methodology employed when developing the initial County living wage rate in 1999. The results of these calculations have been provided to ISD for presentation in the annual report as instructed by your Board. The review revealed that living wage hourly rates would change as follows if considered for approval by your Board: \$8.01 per hour with health benefits of at least \$4.24 per hour or \$12.25 per hour without health benefits as compared to the current rates. See **Table 2** below:

Table 2

Description	Current Hourly Rate	New Hourly Rate	Difference	Percentage Change
Hourly rate with insurance provided by contractor	\$ 9.64	\$ 8.01	\$ -1.63*	-16.93%
Cost of health insurance	\$ 2.20	\$ 4.24	\$ 2.04	92.74%
Hourly rate without insurance provided by the contractor	\$11.84	\$12.25	\$ 0.41	3.45%

⁵ Source: Auditor-Controller

⁶ Source: Auditor-Controller

The decrease in hourly rate indicated in the chart above is due to the State's reduction in the amount of public assistance paid to individuals. Specifically, the reduction in the minimum gross earnings a participant would need to earn living in a household of three to become ineligible for cash assistance under the CalWORKS program as of September 2011. See Exhibit A for additional information regarding the methodology used to determine wage and benefit rates, and how the reduction in the State's reduction in public assistance affects the hourly rate. The A-C is currently reviewing the methodologies used to calculate the living wage in other jurisdictions and will present the results of their review to the Living Wage Implementation Team in July 2012.

The above statistics are for informational purposes only, and does not reflect a recommendation or request to increase the County's living wage rates.

c) Interview Questionnaire

The initial questionnaire was revised in 2005 by the Living Wage Implementation Team in compliance with the Board's instructions to standardize monitoring forms. The questionnaire now obtains information regarding whether employees are receiving health insurance from their employer and, if not, whether they are enrolled in any health plan. A summary of findings is found in Section III (b) of this report.

To follow-up on the Board's concern about the success in achieving the program's intent to provide health benefits to contract employees, the Living Wage Implementation Team agreed to add two questions to the existing questionnaire. The intent of the questions is to gather useful information without violating the privacy rights of workers. The questions address the usefulness of the health benefits provided by employers, and/or whether the increase in wages resulting from the LWO enables workers to pay for health insurance/health care on their own. The responses to these questions will not yield statistical data regarding the impact on the County's health care costs. Depending upon the willingness of contract employees to provide candid responses, however, it may yield useful information.

VIII. Living Wage Hotline Calls

The Los Angeles County Living Wage Hotline is designed to receive calls reporting suspected LWP violations 24 hours per day, 7 days per week. During the reporting period, a total of 34 calls were received. The response time was immediate for 23 calls (67%), with the remaining 11 calls receiving a response within 24 hours (excluding weekends/holidays). 15 calls were related to the LWP; 19 were not. See **Table 3** below.

We identified 3 related complaints that were substantiated and resulted in a subsequent investigation. Appropriate corrective action was taken resulting in a satisfactory outcome.

Table 3

Classification	Number of Calls
Investigations	3
Rates	2
General	10
Non-Living Wage	19
Total	34

The Living Wage Toll-Free Hotline telephone number is (888) 550-WAGE or (888) 550-9243 and is included on the Posters and on the Notice to Employees Handout form that is provided to the contractor for distribution to their contract employees annually. Complaints or general inquiries may be sent electronically to ISD at LWO-Construction-Info@isd.lacounty.gov.

The County recently revised the *Living Wage Ordinance Contractor Guide*. The Guide was developed by the County to provide an overview of the County's LWO. It helps proposers and contractors understand the LWO. The Guide can be found on the County's Purchasing and Contracts web portal at http://purchasingcontracts.co.la.ca.us/living_wage.htm

Conclusion

The following summarizes the current LWP status:

- One contract remains subject to the original living wage rate and a solicitation is currently underway to replace this contract. The new contract will include the updated rates.
- The departments were generally compliant with the LWP.
- Departmental deficiencies were identified as follows and were referred to the appropriate departments for follow-up and corrective action.
 - Monitoring procedures.
 - Non-compliance with the LWP Implementation Instructions.

ISD will:

- Continue to monitor and provide technical assistance to departments and contractors.

- Address recurring problem areas in future LWP training sessions.
- Continue to oversee the LWP solicitation process and collaborate with the LWP Implementation Team (Chief Executive Office, Auditor-Controller, County Counsel, the Department of Public Works, and ISD) to strengthen and interpret the LWP Implementation Instructions and address any new developments or issues to ensure countywide compliance.

EXHIBIT A

Determination of Wage and Benefit Rates - Methodology

Utilizing the same approach that the Board adopted in 1999, the Auditor-Controller (A-C) received from the Department of Public Social Services, the minimum gross earnings a participant would need to earn to become ineligible for cash assistance under the CalWORKs Program. DPSS provided the monthly gross amount of \$1,388 as the point of ineligibility based on the following:

- An average Assistance Unit of three (3) persons,
- Based solely on an hourly wage,
- No income other than earned wages,
- Does not include any employee benefits.

Based on gross earnings of \$1,388 and monthly work hours of 173.3 (40 hours per week X 52 weeks/12 months), the hourly rate was calculated at \$8.01.

The cost of health insurance benefits was calculated to be \$4.24 per hour for a three person household. This amount was determined using a weighted average of the lowest available standard HMO monthly rate per age group for "Employee & Spouse". The A-C reviewed the rates offered by Kaiser Permanente and Anthem Blue Cross for plans that provided coverage comparable to the coverage offered to County employees. Kaiser Permanente had the lowest rates.

The A-C obtained from the Los Angeles California Health Interview Survey, the estimated number of uninsured adults between the ages of 18 and 64 in Los Angeles County. The A-C multiplied the number of uninsured adults in each age group (e.g., 18-29, 30-39, 40-49, etc.) by the applicable monthly Kaiser Permanente rate, the results were totaled, and calculated an average weighted monthly rate of \$731 for an employee and spouse, to which was added \$4.00 as the monthly cost for an eligible child under the Healthy Family Program (HFP). The total monthly rate of \$735 was divided by 173.3 (the average number of working hours per month) to achieve the \$4.24 hourly rate.

When the methodology was developed in 1999 to calculate the Living Wage, the County did not anticipate the State reducing the amount of public assistance paid to individuals. As a result, the hourly wage portion of the County's Living Wage has decreased over the last few years even though the cost of living in the Los Angeles area has increased during this same period. The A-C is currently reviewing the methodologies used to calculate the living wage in other jurisdictions and will present the results of their review to the Living Wage Implementation Team in July 2012.
